Poem by Uncle John

Scatterin' precepts day by day, as we flounder along our way; every impulse, or thought, or deed, makes a page fer somebody to read. . . . Can't be too keerful in every day. . . . Scatterin' precepts, day by day.

Scatterin' precepts fer young and old; some of rubbish,—some, virgin gold. . . . Matters not what yer stunt may be,—somebody, somewhere is certain to see. . . . Better be mindful to watch an' pray, as we scatter the precepts, day by day. . . .

God! Ef a feller could only know how fur a thought or a deed might go! Think of a smile, or a heartenin' hand bearin' their fruits in the Beulah Land. . . . Best to be certain of what we say, as we scatter the life-throbs, day by day.

THE TRUTH
"—is also found in frank confession of error"

The Republican Press will be glad to receive and publish corrections of inaccuracies in its columns.

A DANGEROUS PRACTICE

AN old fad with a new application which increases the liability of accidents in proportion to the activities of the faddist has recently come into vogue, according to D. E. Watkins, secretary and general manager of the California State Automobile Association, who calls attention to the dangerous practice of covering automobile windshields with stickers and posters.

"It is the revival in dangerous form of the custom of many years ago of covering suit cases and trunks with sticker advertisements of hotels, resorts and steamship lines. Secretary Watkins said: "The result is the windshields of many automobiles are now almost vision-proof by reason of the number of stickers thereon."

"Despite the ever-increasing number of accidents the fad seems to be gaining new converts." Mr. Watkins declared. "On the suitcase or trunk it gave the impression the owner was some traveler and did practically no damage other than to spoil its looks."

"On the automobile windshield it is a different matter, and the practice should be frowned down by all who believe in safety and try to practice it. It is dangerous not only to the occupants of the automobile, the windshield of which is covered with stickers, but to drivers of other cars, for the clear vision of the operator is shut off in proportion to the number of posters on the windshield. A second lost in turning the head to get clear vision may be just sufficient to cause a head-on collision.

"The only sticker required by law in California to be on the windshield is the non-resident registration certificate issued to out-of-state visitors for a period of six months. There should be a law preventing the placing on the windshield of any additional stickers."

Mr. Watkins declared that equally obnoxious are those publicity seekers who hire youths to plaster the windshields of parked automobiles with literature heralding the name of everything from road shows to rodeo performances. The owner who conscientiously endeavors to live up to the rules of public safety often returns from a shopping or business call to find his windshield plastered with a conglomerate mass of stickers.

⁂ ⁂ ⁂

THE COMING WEATHER

THE Pacific Coast is due for a very dry holiday season this year (speaking in terms of the weather), according to S. V. Rehart of Lakeview, Ore., world champion long-distance weather forecaster.

Until the Christmas holidays have passed the precipitation will be negligible. During the following two months rain will fall almost unceasingly, concluding with a heavy downpour toward the end of February. This will be the cause of floods at that time, but at the end of the season the rainfall will be about normal.

Such is the forecast made for the 1923-1924 season by Rehart, being his eighteenth annual prognostication. Of his predictions, only two have proven to be incorrect.

Rehart, unlike professional forecasters, bases his predictions on a six months' cycle, rather than on scientific observations.

In his present forecast he reviews the weather for six months past, which would tend to prove his theory. He points to the warm weather of March and to its resultant storm six months later, in September.

The cold weather during the spring and early summer months correspondingly indicates warm weather during the fall and early winter months, and the heat of the late summer months likewise indicates heavy rains and cold weather in the late winter.

His prediction this year is as follows:

"The early rains of September might have been safely predicted, based upon the fact that the Pacific Coast experienced excessively warm weather during the month of March, the storms taking place six months thereafter.

"The cold weather during the spring and early summer months, with only a few hot days of short intervals, indicates that during the fall and early winter months we may not expect much precipitation before the holidays or later.

"The hot weather or heated spell of the summer from the middle of July to the middle of September indicates that the bulk of the winter's precipitation will take place late in the season, in a period of about two months, the heaviest storms occurring toward the latter end of such period, probably causing flood conditions. The precipitation for the season should be about normal."

MARVELOUS!

Oscar (reading): "Three thousand four hundred and twenty-six elephants were needed last year to make billiard balls."

Ollie: "Isn't it perfectly wonderful that such great beasts can be taught to do such delicate work."

⁂ ⁂ ⁂

THEN FATHER FAINTED

Fond Parent (to five-year-old son at dinner table): "Bobby, will you have some of these?"

Bobby: "Yes!"

F. P. (trying to instill table etiquette): "Yes—what?"

Bobby: "Yes, we have no bananas!"

⁂ ⁂ ⁂

A WONDERFUL HUSBAND

Liza says her husband is a wonderful provider—providin' he had it, and he always had it providin' he'd work, an he always worked providin' he got up in time. "Oh, yes, ma'am," says Liza, "Joe is sure a wonderful provider!"

FINISHING SPAN

Highway Crossing Enroute To City Soon To Be Open

The highway crossing over the Northwestern Pacific viaduct just south of Lytton, will open Sunday, according to word received here from the construction engineer in charge of operations. Motorists have been forced to use the rough detour on the Cloverdale highway for some time, but a good road will be open by the first of the week over the viaduct. At present a crew of workmen is engaged in filling and leveling the approaches.

PATIENT DIED

Going to a little cabin he was permitted to occupy at Talmage, Wm. Freeborn, more than 30 years a patient at the Mendocino State hospital for the Insane, died one evening last week. Senator F. C. Handy, who for years was manager at the hospital says Mr. Freeborn had one of the finest dispositions of any man he has ever known.

VISITING PARENTS

Miss Josephine Bassetti, who is attending the Institute at San Mateo, arrived home Wednesday night of last week for a visit to her parents, Mr. and Mrs. S. Bassetti, who live near Cloverdale, the balance of the week.

F. E. Gilmore, who has a fine stock ranch near Hearst, is in Ukiah and will remain in town with his family until spring.

Don't Let a Low Price Keep You From Using The Best

We do not have to pay long-haul transportation and high merchandising costs to make Zerolene available. All that you spend for Zerolene goes to buy high quality only.

Zerolene forms less carbon than any other motor oil known to us. As a result, the Zerolene-lubricated car may be driven from 25% to 50% farther without having the valves ground or the cylinders rebored.

Because Zerolene gives better lubrication continuously, it reduces wear to a minimum and permits the delivery of more engine power to the wheels on the ground, giving you more mileage from your gasoline.

Insist on Zerolene—even if it does cost less.

STANDARD OIL COMPANY
(California)

30% less CARBON
5% more gasoline mileage

The Standard Oil ZEROLENE For Motor Cars

CHANCE FOR BIG GAME THIS SEASON

This Week

By Arthur Brisbane

(Written for The Republican Press)

FIVE YEARS AND CHANGES.
POWER AT THE MINE.
THANKS TO MR. EASTMAN.
BAD ADVERTISING.

Five years ago this month more than 400,000 United States soldiers began the drive on the Argonne. Seventeen thousand were killed, many wounded, in fighting that stretched along a forty-mile front.

Soon after that the war was over.

Five years ago, and the soldiers, to whom excited and frightened big pocketbooks promised the moon and stars, have not yet received a penny of the pitifully small bonus that represents the dwindling down of all the gratitude.

There's a plan to simplify the coal problem. Railroads won't like it—no more coal to carry. Middlemen will detest it.

The idea is change the coal into electric current at the mine.

Electricity carries itself over the wires, with no humping of freight cars, no flat wheels, no loading and unloading. Instead of buying coal, changing it into power and heat five hundred or a thousand miles from the mine, skilled labor at the mines would change coal into electricity to be used for heat, light, power, wherever wanted. That will come in time.

It ought to come now.

Thanks to Mr. Eastman, of Rochester, and the wide, wide world, this country sees efficient and thorough development of musical talent.

To help a nation in music is to help it intellectually. Music and intellect are sisters. Music arouses the brain, refreshes and stimulates it, as nothing else can do. Music is the only stimulant that has no "next day" of let down and reaction.

Mr. Eastman's school of music in the University of Rochester brings to the city and to the students of music the best musicians of the world, and provides musical genius with a magnificent setting in a beautiful opera house, given to the city by Mr. Eastman and paying financial profit to no one.

Young people from all over the United States win scholarships that give them free teaching and $1,000 a year for living expenses.

Thus, one man's success finds expression in a way that benefits an entire nation.

The Government has sold the heart of Muscle Shoals plant to a corporation, and that ends Henry Ford's attempt to get the great water power. It ends also the possibility of his carrying out the promise to give the farmers cheap fertilizer and it gives Ford and the farmers permanent possession of a very good complaint—if they ever want to use it in politics.

The Rev. Arthur Wilde, Swedenborgian, says the Garden of Eden was a state of mind. So is everything else, including happiness and misery. Epictetus, deformed, and a slave, was happy. Croesus, rolling in gold, miserable, worried. Nothing is real. All wealth, gold, diamonds, the sun and stars, our own bodies, represent nothing more solid than electrons and orotons, made of negative and positive electricity locked up in atoms that vary in construction, according to the element composed.

The elements are interchangeable. Matter has no existence, mind and its states are the only real things, the real universe. There is no big, no little, no beginning, no end. In fact, it's all quite confusing.

Mussolini decides to sell advertising space on postage stamps.

It will not be good publicity. Advertising on street car transfers, tried, is found not worth while. Advertising on postage stamps will be worth even less.

The person putting on the stamp won't look at, much less read, the advertising.

Advertising is valuable only when put where people want to see it, when they have leisure to read it. The best advertising is in newspapers. Repetition is reputation.

Carnarvon's brother is dead, more food for supersition. The other Carnarvon, who dug into the tomb of Tutankhamen died naturally. Some insect bite produced blood poisoning.

The Carnarvon brother said, when his brother opened the tomb, "Something dreadful will surely happen to our family." He died naturally, like his brother, from complications following an operation. Still, the superstitious will believe that a Pharaoh, turned to dust, reaches out with his curse through thirty-five hundred years.

In the Philippines General Wood is using the army to fight locusts that eat the crops. That's the kind of war that armies SHOULD make, and the only kind that they will make, when the earth becomes civilized.

Government flying machines now are spraying forests to protect trees from pests. In France, flying machines replant denuded mountains. That work will go on when war, as a killing trade, will have been long forgotten.

Do not fail to hear Ashley Pettis, noted pianist at the State Theatre, October 29. Mr. Pettis is a former Ukiah boy, making a coast tour. 19-3c

DIPHTHERIA CAN BE STAMPED OUT!

Dr. Kellogg, State Board of Health will be at the grammar school next Monday morning, October 22nd to give the Shick Test to those who wish it.

WHAT IS THE SHICK TEST?

The Shick Test consists in giving a tiny injection in the skin of the arm, which in a few days will show if one is susceptible to dyphtheria.

WHAT IF ONE IS SUSCEPTIBLE?

Have the Toxin-Antitoxin treatment. What is the Toxin-Antitoxin Treatment?

This PREVENTIVE treatment consists of 3 injections of Toxin-Antitoxin, 1 each week for 3 weeks. This treatment will last 4 years and there are reasons for believing that it will last for a life time.

Is this treatment painful? Not so painful as diphtheria.

Who may have this treatment free? Any one who lives in this county.

Do not confuse Toxin-Antitoxin with Anti-toxin. Antitoxin is given when you have diphtheria, or when you come in close contact with the patient and only lasts a few weeks.

Medical Science has discovered preventives for typhoid fever, small pox, lockjaw, yellow fever, etc, and now a preventive for diphtheria has been found.

Read the article in November Pictorial Review page 25, which tells you all about this disease.

This is the time to stamp out diphtheria in Ukiah and it is absolutely up to YOU YOURSELF to see that it is done. Do not "let George do it."

City Board of Health

BOUGHT A CAR

Farm Advisor Myszka this week took delivery of a Dodge touring car which he purchased through Guy Redwine of the Ukiah Garage.

Miss Thelma Slipern ,of Los Angeles, who has been the guest of Mrs. A. E. Gustafson for several days, left Monday afternoon for her home.

TO HOLD SALE

The Trinity Episcopal Guild will hold a sale of fancy work and home cooked foods on the Saturday before Thanksgiving (November 24) at Cleland's Furniture Store.

Mr. and Mrs. Follette Morris have taken possession of an apartment in the Minetti-Wessels building in North School street.

SUFFERED MANY YEARS WITH FEMALE TROUBLE

PE-RU-NA

LIKE A GIFT FROM HEAVEN

Mrs. Katie Scheffel, R. F. D. No. 5. Lowell, Ohio

"I have been suffering for years with female trouble. Was operated on five years ago. It relieved me some but I did not regain my strength. Two years later was taken sick and bedfast several months. I treated a long while without much relief. I was discouraged, my mind affected, so nervous I could neither eat or sleep and unable to do anything.

We tried several doctors but one after another gave up my case as hopeless. Finally a good friend advised me to try Pe-ru-na. I did. It relieved me almost immediately. Your medical department said I was suffering from chronic catarrh of the system. I began taking your medicine in March, 1914, and continued until August. I took ten bottles of Pe-ru-na and three bottles of Man-a-lin and felt like a new person. Your medicine seemed like a gift from Heaven. It was like coming from darkness into light.

We have used your medicine since for coughs, colds and grip with good results. We will always keep it on hand. I weigh twenty-five pounds more than I ever did, eat and sleep well and can do a good day's work. Everybody says I look fine. Even the doctors are surprised. I cannot thank you enough and will always recommend Pe-ru--na to sufferers from catarrh."

MRS. KATIE SCHEFFEL, R. F. D. No. 5, Lowell, O.

Mrs. Scheffel is only one of many thousand women in the world, who owe their present health to Pe-ru-na. The record of this medicine is a proud one as Pe-ru-na has held the confidence of both sexes for fifty years or more.

If your trouble is due to a catarrhal inflammation in any organ or part of the body, do like Mrs. Scheffel. Try Pe-ru-na. Insist upon having the original and reliable remedy for catarrhal conditions. You won't be sorry.

Ask Your Dealer About This Old-Time Tried Remedy

ELECTRICITY

—the fuel of conservation

POWER companies do not despoil or waste the state's natural resources. They merely use the force of falling water to turn a wheel in order to make electric energy. Thus fuel is saved, and the public gets the benefit in lower rates fixed by the public's agent, the Railroad Commission. The water so used is turned back to the bed of the stream undiminished and unimpaired. The streams are thus harnessed for the public's service. That is true conservation.

G W Fitzhugh to F E Graves, dated 10-10-23 in Sec 3 and 4 T 22 NR 14 W MDM.

LIBERALS ORGANIZE--WANT A MODIFICATION

Effort Will Be Made To Combat Volstead Law

Ukiah residents who are in favor of light wines and beers and who do not favor the present prohibition regime, will be given an opportunity to become identified with what the Literary Digest terms the leading liberal organization in the United States opposed to prohibition and the Volstead Act. This organization, The Association Against the Prohibition Amendment, already has formed a chapter here and a membership drive will be begun immediately.

Being Well Organized

Ukiah chapter is the two hundred and third subsidiary branch formed in California, according to Organizer Bedford, who is touring the state in the interests of the wet side of the controversy. Practically every city and county in California already has been organized as a chapter and is operating under the direction of a local man or woman as corresponding secretary. Mr. Bedford says. Each is conducting an individual drive for members from among the liberal element in each district. It is expected more than 150,000 members will have been enrolled before the 1924 election.

What Aims Are

The Association Against Prohibition is a nation-wide organization, formed in Washington in 1919 by W. H. Stayton, president of the Baltimore Steamship Company, from among leading men and women of the country who are opposed to the Volstead Act. Despite criticism by the bone-dry adherents the organization has spread into every state in the union and is wielding a tremendous political influence, according to Mr. Bedford, who states that at the last election more than 91 liberals were elected to Congress through the influence and efforts of his organization, replacing a like number of bone-dry representatives. The organization will duplicate that performance at the next election Mr. Bedford claims.

The first fight in California will be developed prior to the Republican and Democratic state conventions, Mr. Bedford says. The Association is going to see that at least two-thirds of the delegates subscribe to the liberal principles of the organization and are pledged to support liberal candidates for president and to work for a modification plank in the party platforms.

There will be a spirited contest in those congressional districts wherein dry representatives take the field, Mr. Bedford says. The Association is prepared to put up liberal candidates and to support them with speakers, publicity and advertising.

Against The Saloon

The Association stands opposed to the open saloon and is working for the enforcement of the Volstead Act as long as it is the law of the land. Congress can, however, at its will change the percentage of alcohol described as non-intoxicating, so that light wines and beers will be permitted.

HURT THE STATE

Charles Ware of Willits passed through Ukiah enroute to San Francisco to meet his mother Mrs. D. E. Cahill the first of the week. Mrs. Cahill has just come from Oklahoma and was near the scenes of the Ku Klux Klan troubles. She says that, on account of the Ku Klux she would not give one inch of California for all the land in Oklahoma. Mrs. Cahill will make her home in San Francisco after a visit in Willits.

BETTER SERVICE

The Telephone crew engaged in stringing more wires between Nashmead and Dos Rios is working rapidly. Six new copper wires are being strung, two of them number 12s, and the rest number 14s. The wires are already up this side of Farley. This improvement will enable residents of Nashmead to talk direct to San Francisco.

BLOOD POISON VICTIM

A. E. Fowler, a farmer living near Willits for the last 10 years, died at the Northwestern Hospital. He was 56 years of age. Mr. Fowler died from blood poisoning, incurred from an injury to his hand which he had neglected.

NOTICE

The W. C. T. U. meets regularly on the first and third Friday of every month at 2:30 p. m. at Christian church. 8-tfc

Mr. and Mrs. Lloyd Davidson motored to Willits Sunday to pass the day with relatives. Mrs. Minnie McCool returned to Ukiah with them Monday.

MORTGAGE—

G W Biggar et ux to Commercial Bank of Ukiah, dated 10-10-23. Property in Round Valley $2200.00 2 years 7 per cent.

CONSTIPATION

A cause of many ills. Harmful to elderly people.

Always relief in taking

CHAMBERLAIN'S TABLETS

Easy—pleasant—effective—only 25c

Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and Blood Purifier, and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and restoring normal conditions.

All druggists. Circulars free.

F. J. Cheney & Co., Toledo, Ohio.

SMALL LAD HURT

Potter Valley Boy Run Over By A Wood Wagon

"Jackie," the eight year old son of Mr. and Mrs. J. G. Newman, of Potter Valley, met with a serious accident last week when he fell from a wood wagon driven by Herbert Pickle. The wagon was loaded with wood and the front wheel passed over the little fellow's chest. The injured lad was immediately brought to the Langland here and it is believed he will not suffer any real serious injury.

HAS NEW POSITION

Man Connected With Local Highway Once Is In Inyo

F. L. Somner, former resident of Willits and Division Engineer of the State Highway from Calpella to the State line for a period of 12 years, has accepted the same position in constructing a new higway in Inyo County. Mr. Somner will make his headquarters at Bishop.

Mr. and Mrs. Lee Knighten, who have been in Tehama county for several months have returned and will reside in Mendocino county.

"'twas a dark & stormy night"

And Oh! how welcome Pearl Oil's comfy warmth! Pearl Oil—because it keeps the air sweet and clean—heat by the roomful—and no one need budge to keep up the cheerful, efficient, little flame. Ready at the touch of a match to go all day, all night—sure warmth for living-room, bath, hall—anywhere steady, cheering warmth is wanted!

To insure best results, use only Pearl Oil—the clean-burning, uniform kerosene—refined and re-refined by the Standard Oil Company's special process. "Coal oil" or "kerosene" may mean *any* kind of kerosene—say "PEARL OIL"—copyrighted for your protection.

STANDARD OIL COMPANY (California)

PEARL (KEROSENE) OIL for HEAT & LIGHT

WALLACE BEAT HIM

Old-Time Wrestler Was Not Able To Keep On (Willits News)

Eddie Wallace, the pride of Willits, is now in a position to go after the middleweight championship of the world. Saturday evening he threw Pete Buzukos, of Los Angeles, former middleweight wrestling champion of the world, after 42 minutes of tussling. Buzukos was unable to come back after the ten minutes rest period, so referee Al Karasak gave the decision to Wallace.

Paul Poulos has informed The Republican Press, if a house justifying it could be obtained, he would wrestle Wallace at Willits and agree to throw him.

GO TO MEETING

Mrs. G. M. Biggar and Mrs. G. P. Baker of Covelo are delegates to the Grand Chapter of the Eastern Star which began its meeting in San Francisco yesterday.

SUMMONS

In the Superior Court of the State of California, in and for the County of Mendocino.

Action brought in the Superior Court of the County of Mendocino, State of California, and the complaint filed in the office of the Clerk of the said County of Mendocino. M. H. Iversen, attorney for plaintiff.

Emma J. McEwen, plaintiff, vs. R. T. McEwen, defendant.

The people of the State of California send greeting to R. T. McEwen, defendant.

You are hereby directed to appear and answer the complaint in the action entitled as above, brought against you in the Superior Court of the County of Mendocino, State of California, within ten days after the service on you of this summons—if served within this county; or within thirty days if served elsewhere.

And you are notified that unless you appear and answer as above required, the said plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract, or she will apply to the court for any other relief demanded in said complaint.

Given under my hand and the Seal of the Superior Court of the County of Mendocino, State of California, this 11th day of June, A. D. 1923.

(Seal) W. H. PRATHER, Clerk.

Notice of Time and Place of Hearing on Probate of Will

In the Superior Court of the State of California, in and for the County of Mendocino.

No. 3923.

In the Matter of the Estate of Charles De Baetes (also known as Charles DeBaets), Deceased.

Notice is hereby given that on the 4th day of October 1923 Eva Storer produced a document, purporting to be a copy of the last will and testament of Charles De Baetes (also known as Charles De Baets) deceased, and filed the same herein, together with her petition praying that the same be admitted to probate, and that letters of administration with said will annexed of said estate be issued to said Eva Storer, said petitioner.

Notice is further hereby given that on the filing of said petition and the production of said document, the Clerk of this Court fixed the hearing of said petition for Friday, the 26th day of October 1923, at the hour of 10 o'clock A. M., of said day, at the Court room of this court, in the Court house in Ukiah city, in said County and State, and all persons interested are hereby notified then and there to appear and show cause, if any they have, why said document should not be admitted to probate, as the last will and testament of said deceased, and letters of administration with said will annexed of said estate issued to said Eva Storer, the petitioner above named.

Dated this 4th day of October 1923.

W. H. PRATHER,
County Clerk of said County of Mendocino, and ex-officio Clerk of the Superior Court thereof.
By Beverly Broaddus, Deputy.

BEAUTIFY YOUR HOME

There is nothing more interesting or attractive than a garden of flowers, and such an attraction can be produced at small expense. This fall I have a collection of Narcissus, Daffodils, Jonquils, Crocus, Chinese Sacred Lilies, Hyacinths, Anemones, and Tulips of all kinds and colors,, Amaryllis, Ixias, Lilies, Freesias, and also I have plants of Oriental Poppies, Wallflowers, Stocks, Evening Primroses, Geraniums and Heliotropes. I have many kinds of shrubs, Rose Acacia, Flowering Quince, Almonds, Lilacs, Snowballs, Syringa, Spirea, and many other plants and shrubs. I have a great many Roses, also the German, Japanese and Siberian Iris. For spring planting I have the world's record, Dahlias, and Gladiolus, and seeds of many new and popular owering annuals, and perenials, and also choice Sweet Peas. Those who are interested write for a descriptive price list which will be ready about Sept. 1st.
